HOW TO CITE RULES AND RSMO

RULES

The rules are codified in the *Code of State Regulations* in this system–

| Title | | Division | Chapter | Rule |
|------------|--|--------------------|---------------------------|----------------------------|
| 3 | CSR | 10- | 4 | .115 |
| Department | <i>Code of State Regulations</i> | Agency Division | General area regulated | Specific area regulated |

and should be cited in this manner: 3 CSR 10-4.115.

Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraphs 1., subparagraphs A., parts (I), subparts (a), items I. and subitems a.

The rule is properly cited by using the full citation, for example, 3 CSR 10-4.115 NOT Rule 10-4.115.

Citations of RSMo are to the *Missouri Revised Statutes* as of the date indicated.

Code and Register on the Internet

The *Code of State Regulations* and *Missouri Register* are available on the Internet.

These websites contain rulemakings and regulations as they appear in the *Code* and *Registers*.

Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety, or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the *Missouri* and the *United States Constitutions*; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons, and findings which support its conclusion that there is an immediate danger to the public health, safety, or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten (10) business days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

[Bracketed text indicates matter being deleted.]

Title 9—DEPARTMENT OF MENTAL HEALTH Division 40—Licensing Rules Chapter 1—Definitions, Licensing Procedures, and General Requirements for Community Residential Programs and Day Programs

ORDER OF RULEMAKING

By the authority vested in the Director of the Department of Mental Health under sections 630.192, and 630.193 to 630.198, RSMo 2016, the department amends a rule as follows:

9 CSR 40-1.015 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on June 15, 2020 (45 MoReg 897-903). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The department received three (3) staff comments and two (2) public comments on the proposed amendment.

COMMENT #1: A department staff member requested the term and definition for "individual treatment plan" be added.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees this term and definition should be added because it is used throughout the licensing rules. The definition for individual treatment plan has been added as new subsection (2)(AA), and the definitions from that point forward have been updated to follow the alphabetic sequence.

COMMENT #2: A department staff member requested the wording in the first sentence of the definition for Intensive Residential Treatment Setting (IRTS), numbered as (2)(AA) in the proposed amendment, be changed to state, "living environment where medically necessary services/supports are provided for five (5) to sixteen (16) adults with serious mental illness who are transitioning from an inpatient psychiatric hospital to the community, or are at risk of returning to inpatient care due to their clinical status or need for increased support."

RESPONSE AND EXPLANATION OF CHANGE: The department agrees with the staff comment and revised the sentence as suggested. As a result of adding a term and definition to section (2) of this rule, this term is subsection (2)(BB) in the final amendment.

COMMENT #3: A department staff member requested the words, "who is a" be removed after "A psychiatric pharmacist" in paragraph (2)(SS)10. of the proposed amendment.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees and changed the language as suggested by staff. As a result of adding a term and definition to section (2) of this rule, this change is in paragraph (2)(TT)10. in the final order.

COMMENT #4: Jeff Grosvenor, Missouri Association of Rehabilitation Facilities (MARF), commented that MARF members are concerned the reference to "generally accepted professional standards" in definition (2)(L), competency-based training, is vague and not defined and they are unable to determine the potential cost of implementing training requirements that are not defined.

RESPONSE: "Generally accepted professional standards" is broadly recognized terminology in various fields, including mental health service delivery, and is associated with the implementation and practice of recognized standards of care for a specific population. No changes will be made to the definition.

COMMENT #5: Jeff Grosvenor, Missouri Association of Rehabilitation Facilities (MARF), commented that MARF members are concerned these draft CSRs may reference the current DMH contract language that needs to be amended. MARF has been working with DMH contract staff and the Division of Developmental Disabilities staff to have several areas of the contract amended to accurately reflect the contractual agreement between DD community providers and DMH.

RESPONSE: These regulations do not apply to organizations that provide services as part of the Division of Developmental Disabilities (DD) Medicaid waiver; those programs are required to meet department certification standards and are not subject to these licensing regulations. No action will be taken.

Title 9—DEPARTMENT OF MENTAL HEALTH

Division 40—Licensing Rules

Chapter 1—Definitions, Licensing Procedures, and General Requirements for Community Residential Programs and Day Programs

ORDER OF RULEMAKING

By the authority vested in the Director of the Department of Mental Health under sections 630.192, and 630.193 to 630.198, RSMo 2016, the department amends a rule as follows:

9 CSR 40-1.055 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on June 15, 2020 (45 MoReg 903-909). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The department received four (4) staff comments and two (2) public comments.

COMMENT #1: Staff indicated there is a typo in paragraph (6)(A)1. The "s" should be removed from the word "references" in the second sentence of the paragraph.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees and made this correction.

COMMENT #2: Staff indicated there are words missing from subsection (26)(B) and the sentence is unclear as written.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees and revised the sentence to add "a written report" to subsection (26)(B).

COMMENT #3: For sections (16) and (20), staff indicated the language should be changed to, "ninety (90) business days."

RESPONSE AND EXPLANATION OF CHANGE: The department agrees and revised sections (16) and (20) as indicated.

COMMENT #4: Staff indicated section (3) was removed from the old rule, but failed to mention the old form is being removed.

RESPONSE AND EXPLANATION OF CHANGE: The department will add the current application form to the new rule and revise language in section (5) to indicate the application form is "included herein" and add the department website for those who want to download the application form.

COMMENT #5: Jeff Grosvenor, Missouri Association of Rehabilitation Facilities (MARF), commented that most agency staff are currently dealing with COVID-19 issues and have staff working remotely or in different capacities to assist in taking care of individuals. Many agencies will not be able to dedicate staff resources to conduct

a review of twelve (12) draft *Code of State Regulations (CSRs)* during this unprecedented time. Most agencies are busy trying to keep up on daily information including:

- a. Center for Disease Control COVID-19 updates;
- b. DMH COVID-19 updates;
- c. Provider Relief Fund application information;
- d. Payroll Protection Program;
- e. Other CAREs Act resources;
- f. Local community COVID-19 regulations; and
- g. Other necessary information.

Agencies are spending a lot of staff resources to make sure they comply with all the guidance being provided during the COVID-19 pandemic. The timing of these draft CSRs is probably the worst possible time to expect meaningful input from stakeholders.

RESPONSE: There will always be factors outside of our control that disrupt the department's service delivery system. Department staff are aware of the impact the COVID-19 pandemic is having on individuals we serve, as well as organizations that deliver services. Department staff have eliminated barriers and waived various regulations to ensure minimal service disruption and to ease staff workloads. This assistance will continue throughout the duration of the pandemic. As stipulated in section 536.175, RSMo, the department is under a five- (5-) year rolling review of all regulations published in the *Code of State Regulations* and will continue the review process as required in state statute. As is customary when the department proposes new regulations or amendments, draft language is disseminated to providers and other stakeholders for review and comments prior to official filing of the regulations with the secretary of state. The proposed licensing rules and amendments were posted to the DMH website for a thirty- (30-) day comment period in April, 2019 and June, 2019, allowing ample time for providers to review the draft regulations in their entirety and submit questions and comments to the department. No action will be taken.

COMMENT #6: Jeff Grosvenor, Missouri Association of Rehabilitation Facilities (MARF), commented that MARF members are concerned these draft CSRs may reference the current DMH contract language that needs to be amended. MARF has been working with DMH contract staff and the Division of Developmental Disabilities staff to have several areas of the contract amended to accurately reflect the contractual agreement between DD community providers and DMH.

RESPONSE: These regulations do not apply to organizations that provide services as part of the Division of Developmental Disabilities (DD) Medicaid waiver; those programs are required to meet department certification standards and are not subject to these licensing regulations. No action will be taken.

9 CSR 40-1.055 Licensing Procedures

(5) An agency or individual may request to be licensed by completing the application form included herein and submitting the application and other documentation as specified. The application form can be downloaded from the department's website <https://dmh.mo.gov/media/pdf/application-licensure>. Completed applications must be mailed to: Department of Mental Health, Office of Licensure and Certification, PO Box 687, Jefferson City, MO 65102, fax (573) 751-7815, or emailed to: DMH-OLC@dmh.mo.gov.

(6) An application for an initial license must be submitted not less than thirty (30) days prior to the opening date for a new residential program or day program. The application must be approved by department staff prior to a Division of Fire Safety inspection or department license inspection being scheduled. A diagram of the interior of the building(s), in approximate scale, and a narrative indicating how each area of the building will be used is required for first-time applicants.

(A) Prior to new construction, remodeling an existing structure(s), or any structural alterations to an existing building, a copy of the plans must be submitted to the Office of Licensure and Certification for review and approval, including an explanation for utilizing each area of the building. The architect or contractor shall certify in writing the plans are in compliance with these licensing regulations.

1. Construction shall not begin until the plans have been reviewed and approved by the Division of Fire Safety. All plans for new construction, remodeling, and additions must comply with the 2010 *Americans with Disabilities Act Standards for Accessible Design*, hereby incorporated by reference and is published by and available from the U.S. Department of Justice, Civil Rights Division, 950 Pennsylvania Avenue NW, Washington, DC 20530, available at: <https://www.ada.gov/regs2010/2010ADASTandards/2010ADASTandards.htm>. This rule does not incorporate any subsequent amendments or additions to the regulations listed above. This rule does not prohibit programs from complying with regulations set forth in newer versions of the incorporated by reference material listed in this paragraph of this rule.

2. During the construction or remodeling process, an inspection of the framing, wiring, and rough-in wiring for the fire alarm system must be conducted by the Division of Fire Safety before the walls are enclosed. Failure to have these inspections constitutes cause for disapproval by the Division of Fire Safety.

3. An existing residential program or day program shall not increase the capacity of any room or total capacity of any building without meeting new construction requirements as specified in this rule.

(16) The licensee shall submit the application for a license for a succeeding year to the department at least ninety (90) business days before the expiration date of its current license.

(20) If the department has not completed its license inspection before the expiration date of a current license and the applicant is not at fault for the delay, a temporary operating permit, not to exceed ninety (90) business days, will be issued by the department in order to complete the survey.

(26) If the department determines an applicant or existing licensee is not in compliance with these licensing regulations at the time of the inspection, the applicant will be notified as follows:

(B) Within twenty (20) business days after completion of the on-site license inspection, a written report will be sent to the program director explaining the area(s) of non-compliance;

Division 40—Licensing Rules

Chapter 1—Definitions, Licensing Procedures, and General Requirements for Community Residential Programs and Day Programs

ORDER OF RULEMAKING

By the authority vested in the Director of the Department of Mental Health under sections 630.192, and 630.193 to 630.198, RSMo 2016, the department adopts a rule as follows:

9 CSR 40-1.060 Program Administration is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on June 15, 2020 (45 MoReg 909-911). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The department received four (4) comments.

COMMENT #1: Cori Putz, Preferred Family Healthcare, requested that subparagraph (6)(A)2.A. be changed to allow online training for First Aid and CPR certification during situations such as a pandemic. The rule currently states that certification provided solely online is not acceptable.

RESPONSE: In-person training is expected. During unforeseen circumstances, the department will issue guidance for managing this process. No changes will be made to the rule language.

COMMENT #2: Jeff Grosvenor, Missouri Association of Rehabilitation Facilities (MARF), commented that most agency staff are currently dealing with COVID-19 issues and have staff working remotely or in different capacities to assist in taking care of individuals. Many agencies will not be able to dedicate staff resources to conduct a review of twelve (12) draft *Code of State Regulations (CSRs)* during this unprecedented time. - f. Local community COVID-19 regulations; and
- g. Other necessary information.

Agencies are spending a lot of staff resources to make sure they comply with all the guidance being provided during the COVID-19 pandemic. The timing of these draft CSRs is probably the worst possible time to expect meaningful input from stakeholders.

RESPONSE: There will always be factors outside of our control that disrupt the department's service delivery system. Department staff are aware of the impact the COVID-19 pandemic is having on individuals we serve, as well as organizations that deliver services. Department staff have eliminated barriers and waived various regulations to ensure minimal service disruption and to ease staff workloads. The proposed licensing rules and amendments were posted to the DMH website for a thirty- (30-) day comment period in April, 2019 and June, 2019, allowing ample time for providers to review the draft regulations in their entirety and submit questions and comments to the department. No action will be taken.

COMMENT #3: Jeff Grosvenor, Missouri Association of Rehabilitation Facilities (MARF): If DMH believes the cost to private entities to comply with the new requirements is not more than five hundred dollars (\$500) in the aggregate, we request the department provide their cost estimates to determine how this was determined. Other provisions in these rules set forth additional operational requirements that may require providers to expend more than five hundred dollars (\$500) in the aggregate (i.e., annual in-service training for employees, ongoing competency-based training for all staff and volunteers, implementation of a client orientation program, development of a social committee, etcetera). We believe the costs of compliance by private entities in the aggregate will be more than five hundred dollars (\$500), recommend DMH revise their cost estimate, or provide information on how they calculated these costs to be less than five hundred dollars (\$500) in the aggregate.

RESPONSE: These regulations do not apply to organizations that provide services as part of the Division of Developmental Disabilities

(DD) Medicaid waiver; those programs are required to meet department certification standards and are not subject to these licensing regulations. The practices referenced such as annual in-service training, ongoing competency-based training, and client orientation involve internal staff resources and are already in place in most licensed organizations and will not result in costs of more than five hundred dollars (\$500) in the aggregate. No action will be taken.

COMMENT #4: Jeff Grosvenor, Missouri Association of Rehabilitation Facilities (MARF), commented that MARF members are concerned these draft CSRs may reference the current DMH contract language that needs to be amended. MARF has been working with DMH contract staff and the Division of Developmental Disabilities staff to have several areas of the contract amended to accurately reflect the contractual agreement between DD community providers and DMH.

RESPONSE: These regulations do not apply to organizations that provide services as part of the Division of Developmental Disabilities (DD) Medicaid waiver; those programs are required to meet department certification standards and are not subject to these licensing regulations. The proposed licensing rules and amendments were posted to the DMH website for a thirty- (30-) day comment period in April, 2019 and June, 2019, allowing ample time for providers to review the draft regulations in their entirety and submit questions and comments to the department. No action will be taken.

COMMENT #2: Jeff Grosvenor, Missouri Association of Rehabilitation Facilities (MARF) commented: If DMH believes the cost to private entities to comply with the new requirements is not more than five hundred dollars (\$500) in the aggregate, we request the department provide their cost estimates to determine how this was determined. Other provisions in these rules set forth additional operational requirements that may require providers to expend more than five hundred dollars (\$500) in the aggregate (i.e., annual in-service training for employees, ongoing competency-based training for all staff and volunteers, implementation of a client orientation program, development of a social committee, etcetera). We believe the costs of compliance by private entities in the aggregate will be more than five hundred dollars (\$500), recommend DMH revise their cost estimate, or provide information on how they calculated these costs to be less than five hundred dollars (\$500) in the aggregate.

RESPONSE: These regulations do not apply to organizations that provide services as part of the Division of Developmental Disabilities (DD) Medicaid waiver; those programs are required to meet department certification standards and are not subject to these licensing regulations. The practices referenced such as annual in-service training, ongoing competency-based training, and client orientation involve internal staff and are already in place in most licensed organizations and will not result in costs of more than five hundred dollars (\$500) in the aggregate. No action will be taken.

COMMENT #3: Jeff Grosvenor, Missouri Association of Rehabilitation Facilities (MARF), commented that MARF members are concerned these draft CSRs may reference the current DMH contract language that needs to be amended. MARF has been working with DMH contract staff and the Division of Developmental Disabilities staff to have several areas of the contract amended to accurately reflect the contractual agreement between DD community providers and DMH.

RESPONSE: These regulations do not apply to organizations that provide services as part of the Division of Developmental Disabilities (DD) Medicaid waiver; those programs are required to meet department certification standards and are not subject to these licensing regulations. No action will be taken.

**Title 9—DEPARTMENT OF MENTAL HEALTH
Division 40—Licensing Rules
Chapter 1—Definitions, Licensing Procedures, and
General Requirements for Community Residential
Programs and Day Programs**

ORDER OF RULEMAKING

By the authority vested in the Director of the Department of Mental Health under sections 630.192, and 630.193 to 630.198, RSMo

2016, the department adopts a rule as follows:

9 CSR 40-1.070 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on June 15, 2020 (45 MoReg 913-914). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: Three (3) comments were received.

COMMENT #1: Jeff Grosvenor, Missouri Association of Rehabilitation Facilities (MARF), commented that most agency staff are currently dealing with COVID-19 issues and have staff working remotely or in different capacities to assist in taking care of individuals. Many agencies will not be able to dedicate staff resources to conduct a review of twelve (12) draft *Code of State Regulations* (CSRs) during this unprecedented time. Most agencies are busy trying to keep up on daily information including:

- a. Center for Disease Control COVID-19 updates;
- b. DMH COVID-19 updates;
- c. Provider Relief Fund application information;
- d. Payroll Protection Program;
- e. Other CAREs Act resources;
- f. Local community COVID-19 regulations; and
- g. Other necessary information.

Agencies are spending a lot of staff resources to make sure they comply with all the guidance being provided during the COVID-19 pandemic. The timing of these draft CSRs is probably the worst possible time to expect meaningful input from stakeholders.

RESPONSE: There will always be factors outside of our control that disrupt the department's service delivery system. Department staff are aware of the impact the COVID-19 pandemic is having on individuals we serve, as well as organizations that deliver services. Department staff have eliminated barriers and waived various regulations to ensure minimal service disruption and to ease staff workloads. This assistance will continue throughout the duration of the pandemic. As stipulated in section 536.175, RSMo, the department is under a five- (5-) year rolling review of all regulations published in the *Code of State Regulations* and will continue the review process as required in state statute. As is customary when the department proposes new regulations or amendments, draft language is disseminated to providers and other stakeholders for review and comments prior to official filing of the regulations with the secretary of state. The proposed licensing rules and amendments were posted to the DMH website for a thirty- (30-) day comment period in April, 2019 and June, 2019, allowing ample time for providers to review the draft regulations in their entirety and submit questions and comments to the department. No action will be taken.

COMMENT #2: Jeff Grosvenor, Missouri Association of Rehabilitation Facilities (MARF), questioned whether the attempt by DMH to promulgate a list of requirements that applies to both residential programs and day programs under one (1) regulation makes sense. For example:

- a. Does it make sense that both residential programs and day programs be required to maintain an inventory of personal items?
- b. Does it make sense to require both residential programs and day programs to have a sign-out log?
- c. Does it make sense to require a day program have a bathroom with a tub or shower?

RESPONSE AND EXPLANATION OF CHANGE: These regulations do not apply to organizations that provide services as part of the Division of Developmental Disabilities (DD) Medicaid waiver; those programs are required to meet department certification standards and are not subject to these licensing regulations. With a few exceptions, the general licensing regulations in 9 CSR 40-1 are applicable to all

residential programs and day programs, therefore, it makes sense to eliminate redundancy as much as possible. Specific program requirements are set out in separate regulations.

(1) Question a. – if individuals bring personal belongings to a day program, particularly if items are left at the program, it is best practice for staff to maintain an inventory of personal items. The department will add “if applicable” to this requirement.

(2) Question b. – licensed residential programs and day programs must maintain a log documenting program departures by individual served. No changes will be made.

(3) Question c. – staff operating a day program should consider the needs of individuals being served. While a bathroom with a tub and shower may not be necessary in all day programs, individuals who may require assistance with hygiene and/or using the restroom may benefit by having these accommodations available. The language will not be changed. Department staff will manage this through the licensing approval/survey process.

COMMENT #3: Jeff Grosvenor, Missouri Association of Rehabilitation Facilities (MARF), commented that MARF members are concerned these draft CSRs may reference the current DMH contract language that needs to be amended. MARF has been working with DMH contract staff and the Division of Developmental Disabilities staff to have several areas of the contract amended to accurately reflect the contractual agreement between DD community providers and DMH.

RESPONSE: These regulations do not apply to organizations that provide services as part of the Division of Developmental Disabilities (DD) Medicaid waiver; those programs are required to meet department certification standards and are not subject to these licensing regulations. No action will be taken.

ORDER OF RULEMAKING

By the authority vested in the Director of the Department of Mental Health under sections 630.192, and 630.193 to 630.198, RSMo 2016, the department adopts a rule as follows:

This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: One (1) staff comment and two (2) public comments were received.

COMMENT #1: In subsection (2)(D), staff indicated the word “guidelines” should be replaced with “schedules” in all sentences where it is used. An edition date is needed for the IBR referenced in this section.

RESPONSE AND EXPLANATION OF CHANGE: The department

agrees and will make the wording changes and add the edition date.

9 CSR 40-1.075 Person-Centered Services

(2) Health Screen and Risk Assessment. Within thirty (30) days of transition into a residential program or day program, each individual served shall have verification in his/her record of having a health screening and risk assessment within the past year from their primary healthcare provider. The primary healthcare provider may be a physician, assistant physician, advanced practice registered nurse (APRN), or physician assistant.

(D) Immunizations shall be current as recommended by DHSS 2020 immunization schedules incorporated by reference and available at: <https://health.mo.gov/living/wellness/immunizations/schedules.php>.

This rule does not prohibit programs from complying with schedules set forth in newer versions of the incorporated by reference material listed in this subsection of this rule.

ORDER OF RULEMAKING

By the authority vested in the Director of the Department of Mental Health under sections 630.192, and 630.193 to 630.198, RSMo 2016, the department adopts a rule as follows:

9 CSR 40-1.085 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on June 15, 2020 (45 MoReg 918-920). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The department received four (4) staff comments and four (4) public comments.

COMMENT #1: Staff requested that subsection (11)(B) be changed to state, "National Suicide Prevention Lifeline" rather than "Suicide Hotline."

RESPONSE AND EXPLANATION OF CHANGE: The department agrees to make this change as that is the official title for the national hotline.

COMMENT #2: Staff requested that subsection (11)(C) be reworded to state, "The telephone number for each individual's support team member(s) or administrative agent/affiliate staff shall be readily accessible to individuals served and staff in the program."

RESPONSE AND EXPLANATION OF CHANGE: The department agrees and made the requested change to this section.

COMMENT #3: In paragraph (1)(A)8., staff requested that "24 CFR Part 35" be moved after "Regulations." Also in this section, a publisher name and edition date need to be included for the IBR.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees with these changes and will rearrange the wording and add publisher name and edition date.

COMMENT #4: In paragraph (5)(A)8., staff indicated an edition date is needed for the IBR.

RESPONSE AND EXPLANATION OF CHANGE: The department will add the edition date.

COMMENT #5: Jeff Grosvenor, Missouri Association of Rehabilitation Facilities (MARF), commented that most agency staff are currently dealing with COVID-19 issues and have staff working remotely or

No action will be taken.

COMMENT #6: Jeff Grosvenor, Missouri Association of Rehabilitation Facilities (MARF), commented that a number of these regulations require that residential and day programs comply with certain newer standards including, but not limited to, the 2017 NFPA Standards for Ventilation Control and Fire Protection of Commercial Cooking Operations, the 2017 National Electrical Code, the 2018 National Standard Plumbing Code, the 2018 regulations of the NFPA Life Safety Code 101, and the 2019 NFPA Standards for Installation of Sprinkler Systems. There are other specific requirements related to things like ceiling height, window sizes, floor levels, etc. In addition, modular units are no longer permitted. There is nothing in the proposed regulations indicating that these regulations will only be applied prospectively to new programs. From the plain language of the regulation, they could potentially be applied to all providers, including existing providers. It is our understanding these new regulations impacting current facilities will be applied for new development or any new renovations of current facilities and will not be applied to all current settings. Is that correct? If that is not correct and current facilities are now required to comply with all the new requirements, we recommend the department revise their cost estimate to private entities which states "is not more than \$500 in the aggregate."

We recommend DMH consider adding specific language to make clear that the standards apply only to new providers as of the effective date of the rule. If it is DMH's intent to impose the new standards on existing providers, existing providers must be provided additional resources and a grace period in which to comply.

RESPONSE: These regulations do not apply to organizations that provide services as part of the Division of Developmental Disabilities (DD) Medicaid waiver; those programs are required to meet department certification standards and are not subject to these licensing regulations. With regard to the comment that clarification be added to indicate the standards apply only to new providers as of the effective

date of the rule, the department believes the rule contains adequate language in 9 CSR 40-1.055 Licensing Procedures, section (6). Currently licensed organizations either already meet the regulations as specified in the proposed rule or have been granted an exception by the department and will not be subject to additional costs in order to comply with the new regulations. No action will be taken.

COMMENT #7: Jeff Grosvenor, Missouri Association of Rehabilitation Facilities (MARF), questioned whether the attempt by DMH to promulgate a list of requirements that applies to both residential programs and day programs under one regulation makes sense. For example:

a. Does it make sense that both residential programs and day programs be required to maintain an inventory of personal items?

b. Does it make sense to require both residential programs and day programs to have a sign-out log?

c. Does it make sense to require a day program have a bathroom with a tub or shower?

Each individual's mattress shall be at least as long as his/her height with the exception of individuals in the developmental period, in which case the mattress shall be at least four inches (4") longer than his/her height;

(11) Telephones. An adequate number of telephones, appropriate to the needs of individuals being served in the program, must be reasonably accessible and located to allow individuals to make and receive private calls. ORDER OF RULEMAKING

By the authority vested in the Director of the Department of Mental Health under sections 630.192, and 630.193 to 630.198, RSMo 2016, the department adopts a rule as follows:

9 CSR 40-4.001 Program and Staffing Requirements is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on June 15, 2020 (45 MoReg 925-926). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: Two (2) comments were received.

COMMENT #1: Jeff Grosvenor, Missouri Association of Rehabilitation Facilities (MARF), commented that most agency staff are currently dealing with COVID-19 issues and have staff working remotely or in different capacities to assist in taking care of individuals. Many agencies will not be able to dedicate staff resources to conduct a review of twelve (12) draft *Code of State Regulations (CSRs)* during this unprecedented time. Most agencies are busy trying to keep up on daily information including:

- a. Center for Disease Control COVID-19 updates;
- b. DMH COVID-19 updates;
- c. Provider Relief Fund application information;
- d. Payroll Protection Program;
- e. Other CAREs Act resources;
- f. Local community COVID-19 regulations; and
- g. Other necessary information.

Agencies are spending a lot of staff resources to make sure they comply with all the guidance being provided during the COVID-19 pandemic. The timing of these draft CSRs is probably the worst possible time to expect meaningful input from stakeholders.

RESPONSE: There will always be factors outside of our control that disrupt the department's service delivery system. Department staff are aware of the impact the COVID-19 pandemic is having on individuals we serve, as well as organizations that deliver services. Department staff have eliminated barriers and waived various regulations to ensure minimal service disruption and to ease staff workloads. This assistance will continue throughout the duration of the pandemic. As stipulated in section 536.175, RSMo, the department is under a five- (5-) year rolling review of all regulations published in the *Code of State Regulations* and will continue the review process as required in state statute. As is customary when the department proposes new regulations or amendments, draft language

is disseminated to providers and other stakeholders for review and comments prior to official filing of the regulations with the secretary of state. The proposed licensing rules and amendments were posted to the DMH website for a thirty- (30-) day comment period in April, 2019 and June, 2019, allowing ample time for providers to review the draft regulations in their entirety and submit questions and comments to the department. No action will be taken.

COMMENT #2: Jeff Grosvenor, Missouri Association of Rehabilitation Facilities (MARF), commented that MARF members are concerned these draft CSRs may reference the current DMH contract language that needs to be amended. MARF has been working with DMH contract staff and the Division of Developmental Disabilities staff to have several areas of the contract amended to accurately reflect the contractual agreement between DD community providers and DMH.

RESPONSE: These regulations do not apply to organizations that provide services as part of the Division of Developmental Disabilities (DD) Medicaid waiver; those programs are required to meet department certification standards and are not subject to these licensing regulations. No action will be taken.

COMMENT #2: Jeff Grosvenor, Missouri Association of Rehabilitation Facilities (MARF), commented that most agency staff are currently dealing with COVID-19 issues and have staff working remotely or in different capacities to assist in taking care of individuals. COMMENT #3: Barbara Francis, Bootheel Counseling Services, Bloomfield, MO commented: I know the FLA program services are just a very small part of the overall residential programs which these rule changes address. My opposition/concern is in the area of Fire Safety and Emergency Preparedness:

(3) Fire Safety. FLA providers shall comply with 9 CSR 40-1.090 with modifications as specified:

(A) Subsection (1)(A) Division of Fire Safety inspection is waived;

(C) Subsection (1)(M), notification and documentation from the local fire authority is waived.

My concern/opposition is the following: In 9 CSR 40-1.090, reference is made to "complying with the requirements of the Division of Fire Safety" or "as deemed necessary by Division of Fire Safety" or "the local authority." It also states, "the program director shall ensure..." or a reference to the rules of NFPA Life Safety Code 101, which is not an easy document to get access to or to understand once you do have access. Who, if not the Division of Fire Safety, will be educating and monitoring program directors to know, understand, and implement safety requirements listed in these rules? Is this left up to the administrative agencies who are providing oversight of the FLAs? The average person doesn't know where smoke detectors need to be placed in a room with a ceiling fan for maximum efficiency; standards for clothes dryers being properly vented; differences between solid and hollow core brick in relationship to a fireplace or chimney; or that some wood products used in home construction are held together with synthetic resins containing urea formaldehyde which, when burning, can become toxic or melt into the skin like napalm. Many of these facilities are in rural areas where there are no building or fire safety codes and the local fire chief is a volunteer with no formal training of the NFPA safety code or any other code. The State of Missouri has no state fire code for a lay person to reference, so who assumes the liability? How can someone/program managers/agency administrators, who are not specifically trained in fire safety, be held to a standard in one (1) section and a fire safety inspection be waived in another? Who is liable if or when an incident occurs due to standards not being fully met? As an administrative agency, we have parents place the welfare of their children in our hands to ensure their safety when we are putting them in homes (FLAs) that are supposed to meet licensure standards. My concern is, can we fully meet those standards without guidance/oversight from the ones who are specifically trained in those areas?

RESPONSE: DMH staff are committed to ensuring all individuals are served in safe environments. Prior to approving a home for FLA services, DMH staff interview the potential provider(s) and conduct a home study to ensure the home meets fire safety and other environmental requirements for programs serving four (4) or fewer individuals as specified in these licensure rules. Annual inspections are also conducted by DMH licensure staff. In addition, providers are

required to complete training specified by the department prior to being approved to provide in-home services. One (1) of the goals of FLA services is to provide a homelike environment for the individuals being served. Installation of sprinkler systems, exit signs, and other modifications required for larger facilities are not only cost prohibitive to the home owner, but are not necessary for a private home and detract from the desired homelike environment. Staff of the Division of Fire Safety reviewed the proposed rules and determined they comply with general fire safety recommendations for private homes in regard to location of exits, smoke and carbon monoxide detectors, fire extinguishers, etc. Staff in the Division of Fire Safety, Fire Safety Inspection Unit, are available for consultation and interpretation of NFPA codes. No changes will be made.

COMMENT #4: Jeff Grosvenor, Missouri Association of Rehabilitation Facilities (MARF), commented that MARF members are concerned these draft CSRs may reference the current DMH contract language that needs to be amended. MARF has been working with DMH contract staff and the Division of Developmental Disabilities staff to have several areas of the contract amended to accurately reflect the contractual agreement between DD community providers and DMH.

RESPONSE: These regulations do not apply to organizations that provide services as part of the Division of Developmental Disabilities (DD) Medicaid waiver; those programs are required to meet department certification standards and are not subject to these licensing regulations. No action will be taken.

9 CSR 40-6.001 Provider Requirements and Program Structure

(2) Licensure Requirements. Applicants for licensure to provide services and supports in a FLA must have documentation of ownership of their home or, if renting, documentation of a current lease agreement and approval from the landlord to provide family living arrangements.

(B) Providers must complete specialized training required by the department. Training must be documented as specified in 9 CSR 40-1.060(4)(E).
